non-slip  
suction cup

food heating

perfect gift

## **strong non-slip suction cup**

*The strong, rubber suction cup prevents  
the bowl from sliding on the table.*

## **heat up or cool down food with water**

*The bowl lets you heat up or cool down the food in it using water, which is a quick, easy and most importantly healthy solution. High quality stainless steel guarantees that the device can be stored safely without rusting and the interesting shape of the bowl will surely grab you baby's attention.*
